openPASS Steering Committee

Meeting date: 11th August 2022
Location: MS Teams
Participants:

Name	Company	Participation
Manel Hammouda	BMW Group	X
Thomas Platzer	BMW Group	X
Jan Dobberstein	Mercedes Benz AG on behalf of Mercedes-Benz Tech Innovation	X
Tuan Duong Quang	TÜV SÜD Auto Service GmbH	X
Gwendal Lucas	Volkswagen AG	X

1. EclipseCON 2022

The submitted openPASS talk for EclipseCON 2022 was declined. Unfortunately, there is simply not enough room for all the proposals. Since the openPASS WG has given a presentation already the last years, the program committee of the EclipseCON decided to prioritize another topic this year.

However, there is the Automotive Community Day on the 24th October 2022. Jan is evaluating to join the Community Day and to represent openPASS. Link: https://wiki.eclipse.org/EclipseCon_2022_Automotive_Community_Day

Eventually results from the SET Level project can be presented. Thomas is evaluating this opportunity.

2. Release v0.10

Based on the last merge requests the minor release v0.10 can be published. Main contributions will be the FMI Wrapper and V2X communication.

A more detailed PCM documentation will be included in the next release.

3. openPASS Workshop

The openPASS workshop is scheduled for the 9th November. Preliminary topics of the workshop is to setup a roadmap for v1.0 and the documentation of the OpenSCENARIO engine. TÜV SÜD has offered to host the workshop in Garching Hochbrück.

4. Pyoscx

Jan showed the application possibilities with the python-package pyoscx. Further details can be read in the documentation: https://pyoscx.github.io/

5. Commissioning of a software development company by VW

VW has contracted the software development company Hexad GmbH. They are an advocate of open source software development.

The meeting minutes can be found here: https://wiki.eclipse.org/openPASS-WG
