

Minutes openMDM SC Call 29.07.2021

Attendees

- Angelika Wittek (Toolkit Manager)
- Ulrich Bleicher (BMW)
- Gert Sablon (Siemens)
- Stefan Wartini (Müller BBM)
- Christian Domrös (Peak Solutions)
- Hans-Jörg Kremer (Peak Solutions)
- Florian Schmitt (Atos)
- Hans-Dirk Walter (Karakun AG) (Minutes)

Topics:

- Anti Trust Policy Notice (Angelika)
- Demo: Scenario based testing and openMDM (Christian Domrös, Peak Solution)
 - Peak presented "Scenario based testing based on openMDM" at a regular meeting of the automotive working groups.
 - ASAM - Scenario based testing study group (ADAS/AD testing)
 - ASAM ODS Associate standard for ADAS/AD application model
 - openMDM to create a (data-)repository for ADAS / AD
 - Important data from scenario description (based on openScenario) extracted and stored in openMDM model, scenario files with complete scenario descriptions stored as attachment files => openMDM used as scenario catalogue
 - Regular meeting of Eclipse automotive working groups. Angelika will share invitation to next regular meeting with openMDM members.
- Status about the Upcoming initiatives (from the last meeting minutes)
 - openMDM as ASAM ODS Associate Standard - Lead: Gert, supported by Stefan, Florian, Hans-Dirk
 - Shared application document for the ASAM project created, first contents generated.
 - Next step: Definition of use-cases
 - Events
 - Web-Event for Chinese enterprises - Lead: Hans-Jörg, supported by Michael and other WG members as required (Hans-Jörg will return with state and open tasks at the next SC Call)
 - First some preparation tasks have to be finished. Idea: first event spring 2022
 - ASAM OpenTEST - same team as for (a).
 - Case Studies
 - BMW - Uli
 - Hans-Jörg will ask MTU to contribute a case study
 - Hans-Jörg wants to ask MTU to explain how openMDM will be used in the future. But first a stakeholder meeting has to take place before a final decision about openMDM 5 at MTU is taken. And afterwards, MTU might be willing to share their ideas about their plans with openMDM.
 - Siemens and Müller BBM will think about their options for case studies.
- Status Contracts
 - All contracts completed.
- Next SC call: 22 Sep 2021 15:00 - 16:30 - additional topic: introduction of FDX and EXOKNOX as openMDM 5 application
