SETTING-UP YOUR IDE

- Plenty of Tools, Plug-ins, Frameworks and Libraries
- Many employees with different tasks and rules
- Individual Requirements
  - Company
  - Project
  - Employee

I want to
install eclipse!

what do I need?

tons of stuff

where do I get that?

here and there

select eclipse package

eclipse.org

install required plug-ins

eclipse marketplace

restart eclipse

various update sites

get code

repositories

google them!

doesn't work

dependency x, y, z

get more code

other
repositories

I want to
install eclipse!

• • •

missing plugins

still doesn't work

restart eclipse

tasks & tickets

not working!

#@!*

wrong plugin version

restart eclipse

configure preferences

notice something missing

restart ...

eclipse marketplace

various update sites

task repos

google them!

eclipse marketplace

various update sites

task repos

eclipse marketplace

various update sites

KEEP ME POSTED

Setting up Eclipse is actually easy now!

Get your Eclipse up and running with Yatta Profiles.

- Get a Profile and be ready to code with just a few clicks.
- Keep track of all your Eclipse installations.
- Create your own Profile and share it with your team - or the world.

Profiles will be for free - including tooling - and will be committed to Eclipse.

We are launching soon! Register to get the latest news on Yatta Profiles for Eclipse.
