OpenADx – xcelerate your Autonomous Driving development

Steering Committee Meeting – 26th November 2019

Agenda OpenADx Steering Committee Meeting – 26.11.2019

Time		
15:00	Welcome, Agenda	Protocol: Andy Participants:
	Introduction of new members	• Jonas introduces EclipseSource
	Open topics • Andy will connect Naci with the Eclipse team for a introduction to Hugo • We will add a chapter on our wiki / web page a Q&A about how to participate in OpenADx and so on. • Git/GitHub for the Steering Committee -> can Eclipse provide us this? (Andy contacts Wayne) • We need a coordination of approaching OEMs (maybe a closed wiki page) -> Andy will make a proposal (after the Git/GitHub topic is clarified) • Would we become the mailing list as a discussion platform e.g. articles, legal aspects... • Start a kind of survey with the community, what they want with the mailing list.	Current state: • Burçak (Naci´s team) is doing a great job! • No update • Who can do that? How should the structure look like? • We start with Tuleap (jump to Tuleap) • Check, if everyone has access • Proposal is in Tuleap • Community says: "Yes" (4 responses) -> closed

Agenda OpenADx Steering Committee Meeting – 26.11.2019

Time	
	Leftovers from F2F Workshop in Zwingenberg • OpenADx Working Group Scope definition • OpenADx pitch deck (in 15 Minutes -> What is OpenADx and why should we participate?) • Communication Channels like LinkedIn and Twitter is "state-of-the-art" and should be used. • Communication Plan • How do we activate the community? • Participation of OEMs in OpenADx • How can we activate them to participate? • Lead Management - Who can help whom to contact xyz? • We will start with Tuleap and an Excel for the Lead Management • We need help to setup a tracker for our tasks, • We need in general a short introduction to Tuleap as well as access rights for all SC members	• To broaden the reach of OpenADx, we should use Social Mediatools • We need continuous news we send out, a communication plan is helping • Not every day, maybe once a month via Twitter • Andy will setup a Twitter Account for OpenADx, it should be linked to a web page • Andy will start with a communication plan • If account is live, notification to all members • We need more things / projects who people can play with or which are useful for them • Build solutions so that others (e.g. evangelists) to tell the story
