| | OpenADx Whitepaper | invite Robert to the meeting series |
| | OpenADx + Open Robotics collaboration | Andreas will ask to join. Coordinate requirements for projects. Brian Gerkey CEO is very excited about ROS - cyclonedds w iceoryx built-in. Feedback Brian, March 24: <i>... it's in my queue to review the processes and agreements necessary for us to begin participating in the OpenADx and possibly other Eclipse groups. ...</i> |
| | Upcoming events e.g. overall meetings, meeting at some conferences | <ul style="list-style-type: none">• June, San Jose - Autonomous Valet Parking (AVP) Lexus SUV running Autoware.auto + OpenADx Eclipse Cyclone DDS in June, San Jose. autoware.org click “members”, coordinate some press / social.• show your support iot.eclipse.org/adopters |

| | | |
|-------|------------------------------|---|
| | | <ul style="list-style-type: none"> Autonomous Software and System Symposium, 16-18 June 2020, Stuttgart -> will be shifted |
| | Feedback from conferences | Andy includes recorded session from ScaleUp 360 AI |
| | Projects / Project Proposals | <p>AUTOSAR Adaptive - iceoryx w cyclonedds gateway ROS - cyclonedds w iceoryx built-in OpenADx cyclonedds is now "tier-1 ROS middleware" for ROS2 Foxy (May 2020) fyi ROS build farm https://ci.ros2.org</p> <p>Cyclone DDS is currently the default MW for Autoware https://www.forbes.com/sites/rahulrazdan/2020/04/04/will-a-small-open-source-effort-from-japan-disrupt-the--autonomous-space-/#75d4863d1cc5</p> <p>Ottokar (Turkey) is using Cyclone DDS https://twitter.com/JoeSpeeds/status/1240521646051487745</p> |
| | Next steps | |
| | Next meeting dates | May 5 |
| 17:00 | End | |

Participants

| Name | Company | Participation? |
|-----------|-------------------|----------------|
| Joe | ADLink Technology | x |
| Josko | AVL List | x |
| Soheila | DENSO Corporation | x |
| Naci | eteration | |
| Philip | EclipseSource | |
| Christian | IBM | x |
| Andreas | itemis | x |
| Michael | JCIM | |
| Robert | Microsoft | x |

| | | |
|---------|--------------------|---|
| Wolfram | Red Hat | |
| Andy | Robert Bosch GmbH | x |
| Robin | Siemens | |
| Paul | Eclipse Foundation | x |
