Antitrust Policy Notice

> Eclipse Foundation meetings involve participation by industry competitors, and it is the intention of the Eclipse Foundation to conduct all of its activities in accordance with applicable antitrust and competition laws. It is therefore important that attendees not participate in any activities that are prohibited under applicable US state, federal or foreign antitrust and competition laws.

> Examples of types of actions that are prohibited at Eclipse Foundation meetings and in connection with Eclipse Foundation activities are described in the Eclpse iFoundation Antitrust Policy available at https://www.eclipse.org/org/documents/Eclipse_Antitrust_Policy.pdf.

> If you have questions about these matters, please contact your company counsel, or if you are a member of the Eclipse Foundation, feel free to contact legal@eclipse.org.

ECLIPSE
FOUNDATION

ECLIPSECON 2/2

- Presentation of standard slides
- Any further suggestions?
- Further presenter or participants?

COOPERATION OPENADX

- Start of discussions about possible synergies between openPASS and openADx

Objective:

- Show in general the feasibility to couple between different simulation tools (Sumo, PreScan, OpenMCS, openPASS?, …). → Demonstrator in the area of simulation

- Stakeholder: DLR, AVL, Bosch, Vector, ADLink, Denso, …

TULEAP AGILE DASHBOARD – TOP BACKLOG PLANNING

- Consistency in the enumeration of user stories
- Easier backlog planning
