

Exchange openMobility and openPASS

Meeting date: 28th January 2021

Location: MS Teams

Keeper of the minutes: Tuan Duong Quang

Participants:

Name	Working Group	Participation
Robert Hilbrich	openMobility	X
Michael Behrisch	openMobility	X
Zoltan Baksa	openMobility	
Arun Das	openPASS	X
Thomas Platzer	openPASS	X
Manel Hammouda	openPASS	X
Jan Dobberstein	openPASS	X
Per Lewerenz	openPASS	X
Dr. Daniel Schmidt	openPASS	
Jorge Lorente Mallada	openPASS	X
Tuan Duong Quang	openPASS	X
Dr. Gwendal Lucas	openPASS	X
Michael Plagge	Eclipse Foundation	X

Topics:

The openMobility WG and openPASS WG plan to collaborate to build up a show case between SUMO and simopenpass. This will strengthen the automotive sector within the Eclipse Foundation. The goal is to create a tiny scenario at which it is shown that it is possible to control vehicles by SUMO and other vehicles by simopenpass in the same environment. A successful coupling shows the technical feasibility of using both simulation tools together. BMW will support on technical questions regarding the integration over FMI.

Both WGs will meet once every three months to exchange development processes and news.
